

Welcome to the Wine Country

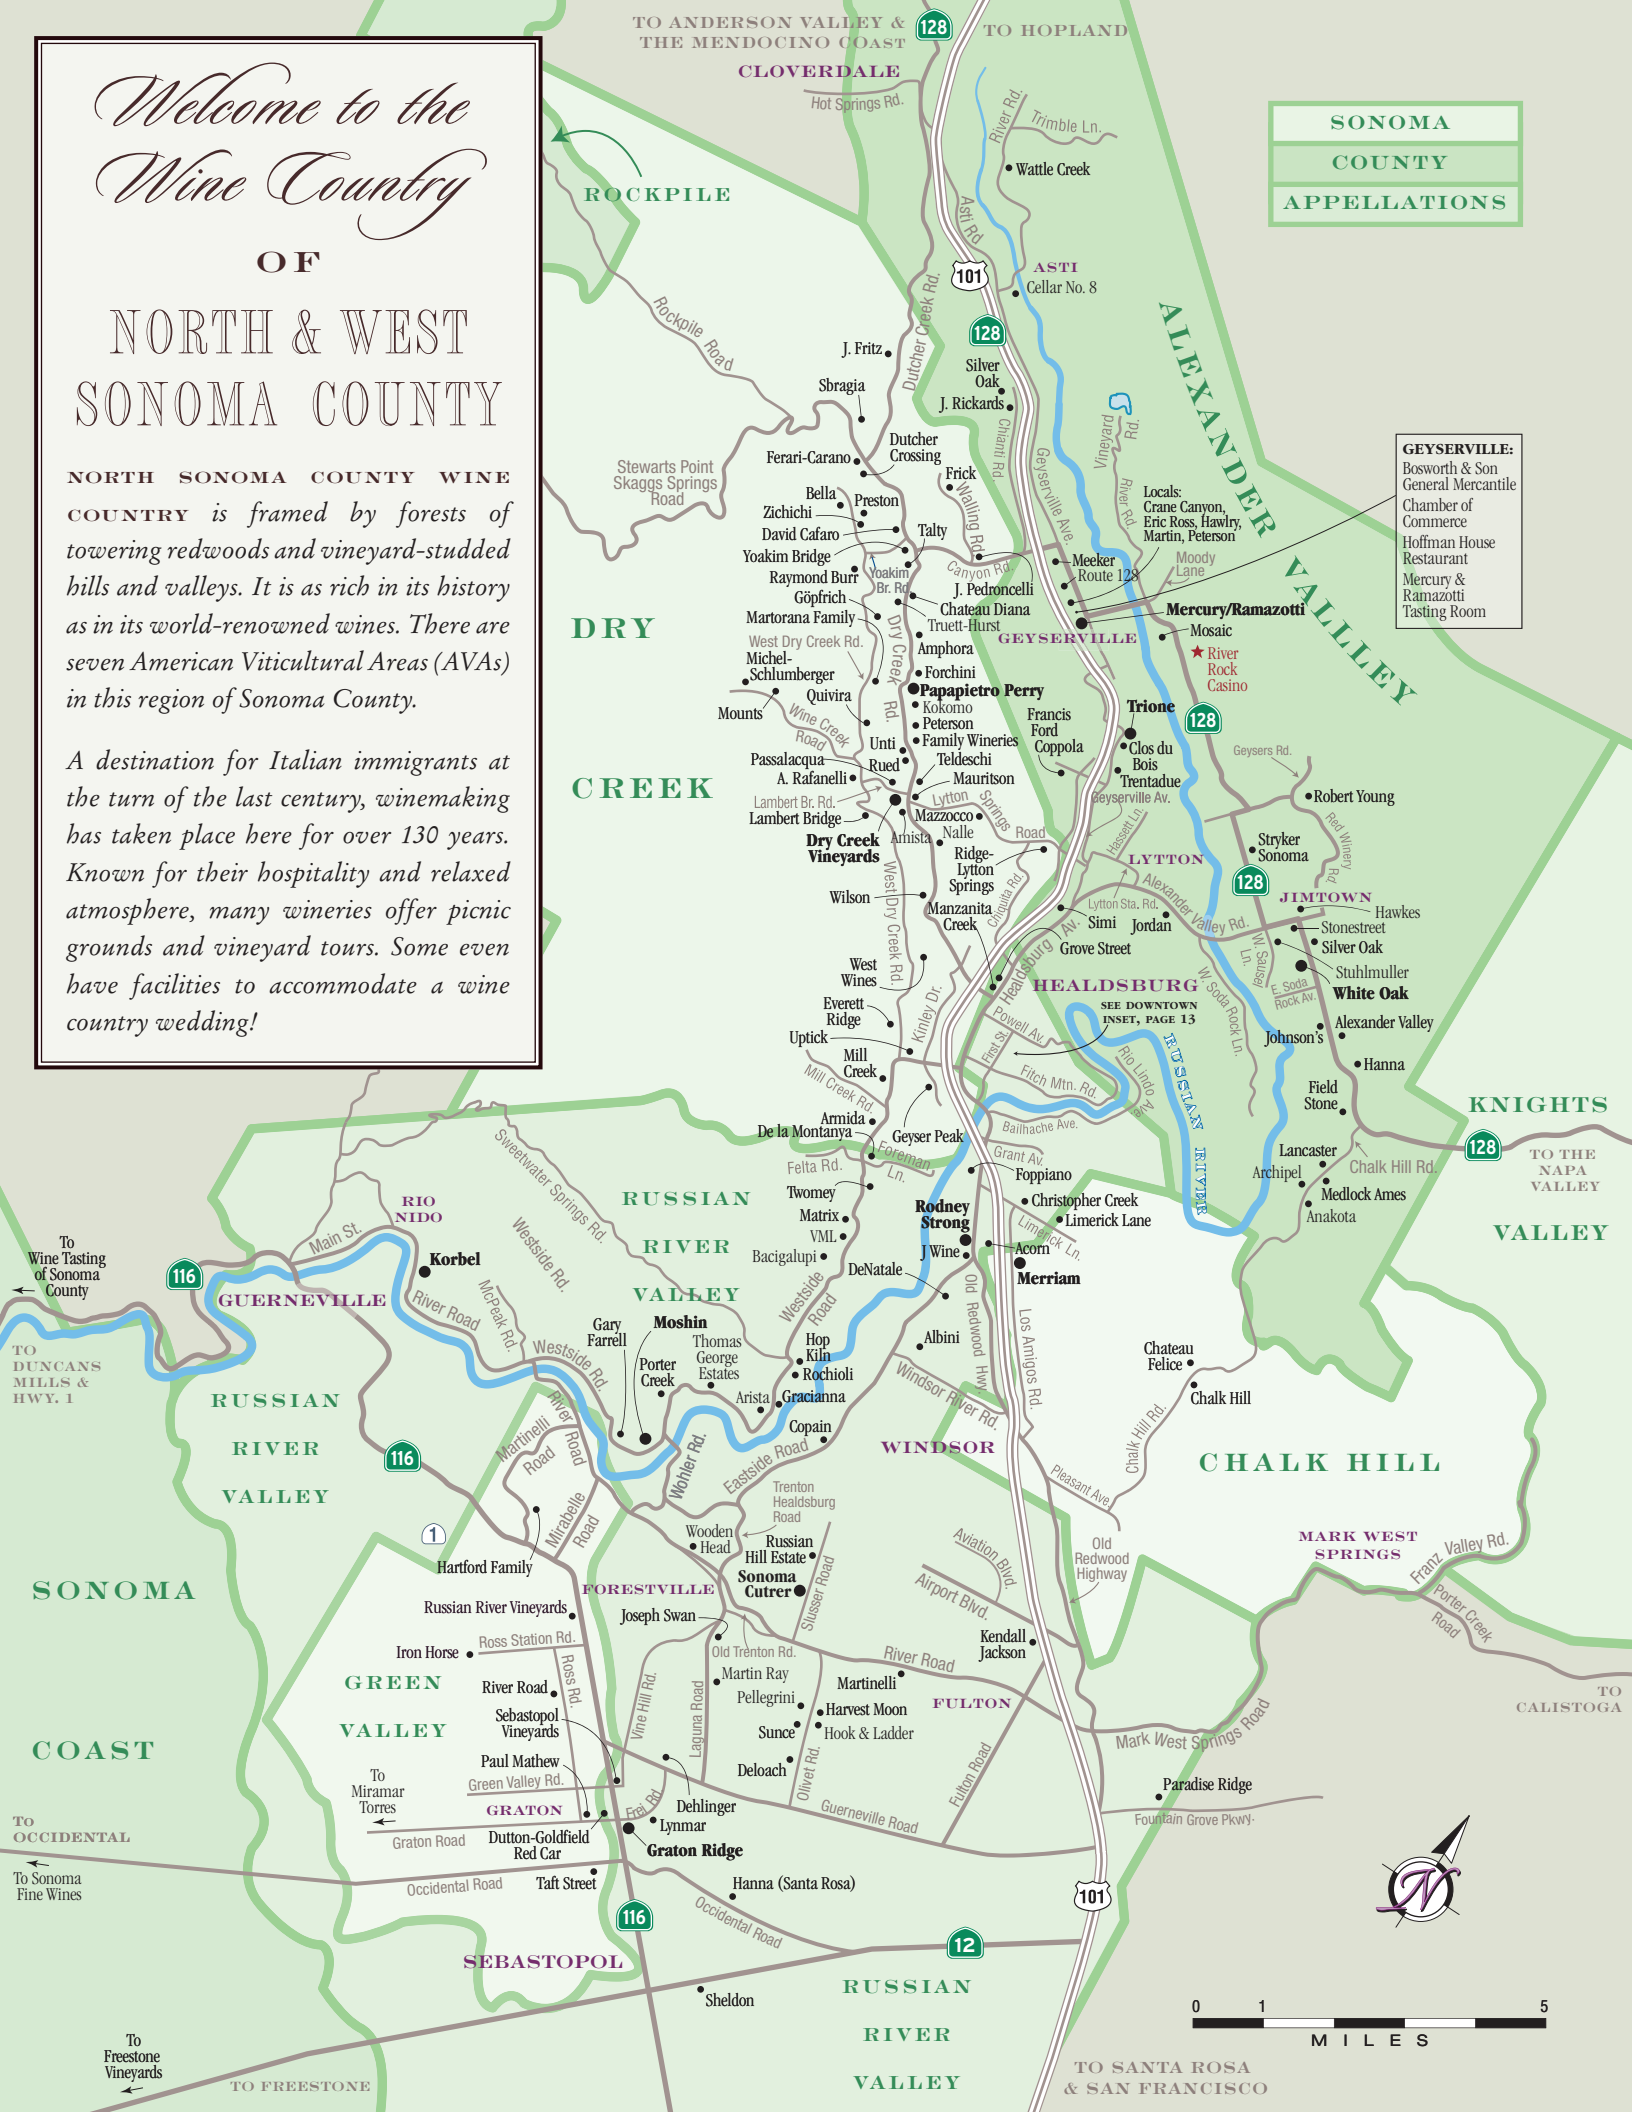

OF NORTH & WEST SONOMA COUNTY

NORTH SONOMA COUNTY WINE COUNTRY is framed by forests of towering redwoods and vineyard-studded hills and valleys. It is as rich in its history as in its world-renowned wines. There are seven American Viticultural Areas (AVAs) in this region of Sonoma County.

A destination for Italian immigrants at the turn of the last century, winemaking has taken place here for over 130 years. Known for their hospitality and relaxed atmosphere, many wineries offer picnic grounds and vineyard tours. Some even have facilities to accommodate a wine country wedding!
